APC Revision Workshops

Session 1 2026

Overview

We provide APC workshops on a variety of topics, either online or in person (at your own venue).

Our interactive workshops are led by experienced Chartered Surveyors and APC Chairs/Assessors.

We cover all routes, pathways and regions, as well as a wide variety of topics:

- Submission preparation
- Revision
- Interview preparation, including dealing with nerves
- All pathways and competencies
- CPD and hot topics

Our workshops can be provided on a bespoke basis for you or your organisation, or you can book onto our open (general release) workshops.

Open Workshops

We have a variety of open workshops planned for 2025, with more workshops coming soon...

The cost for a half day online workshop is £125 + VAT and a full day in person workshop is £300 + VAT.

Both count towards your formal CPD hours.

Bespoke Workshops

Please get in touch for a quote for us to provide a bespoke workshop.

You will find a sample agenda later on in this brochure, although we can tailor workshops to your exact requirements.

RICS APC Training & Support

**Overall, it was a very
insightful day!**

The day was really well-balanced, and I particularly enjoyed the second half (after lunch). Mark's Q&A sessions on topics such as inspection, measurement, and valuation were excellent.

Being put on the spot challenged me and pushed me out of my comfort zone, which I really enjoyed.

Overall, it was a very insightful day, and I would definitely recommend it to anyone preparing for their APC.

APC Revision Workshop**

Day 1

This is a typical agenda for a three day APC workshop for candidates on a variety of pathways.

- 0900-1030 - Written Submission**
- 1030-1045 - BREAK**
- 1045-1245 - Interview Preparation and Case Study Presentation**
- 1245-1345 - LUNCH**
- 1345-1630 - (with a BREAK) - Q&A and Mock Interview Practice, including Dealing with Nerves**

Day 2

- **0900-1030 - Mandatory Competencies (full group)**
- **1030-1045 - BREAK**
- **1045-1245 - Ethics & Rules of Conduct (full group)**
- **1245-1345 - LUNCH**
- **1345-1630 - (with a BREAK) - Technical Core Competencies split into smaller pathway-specific groups**

Day 3

- **0900-1200 - (with a BREAK) - Part 1 - Technical Optional Competencies split into smaller pathway-specific groups**
- **1200-1300 - LUNCH**
- **1300-1600 - (with a BREAK) - Part 2 - Technical Optional Competencies split into smaller pathway-specific groups**

We always ask for candidates' submissions beforehand so we can tailor the choice of technical optional competencies. This also allows us to include an interactive Q&A and discussion section in each workshop.
